2. ORAL READING FLUENCY

INTRODUCTION AND PREVIEW

T: In this story, Chip to the Rescue, Chip, the mouse, helps Dot and the other giraffes when they go kite flying. Look at the pictures, and tell me what is happening in this story.

Note the student’s use of connecting words (e.g., and, then, but) and vocabulary relevant to the text. You may use general prompts, such as “Now what is happening?” or “Turn the page,” but do not ask specific questions. Tally the number of times you prompt.

RECORD OF ORAL READING

Record the student’s oral reading behaviors. Note the student’s fluency (expression and phrasing). Be sure to time the student’s reading.

T: Chip to the Rescue. Now, read to find out how Chip helps Dot and the other giraffes.

Page 2

Chip, the mouse, and Dot, the giraffe, were good friends. Dot took Chip out for rides.

“I’m on top of the world!” Chip called out.
Page 3
Some giraffes didn’t know why Dot was friends with such a tiny animal.

“Chip is so small,” the tallest giraffe told Dot.
“He can’t do anything.”

“Yes, he can,” said Dot. “He is a good friend.”

Page 4
One day some giraffes wanted to fly kites. They liked flying kites.

Dot asked Chip to go kite flying with her.

“Yes, thank you!” Chip shouted. He was very happy. He skipped all the way up Dot’s neck.

Page 5
The giraffes walked to an open field.

Their kites sailed high up into the sky. The giraffes were so tall. Their kites flew higher than the trees.

Just then, the wind blew hard across the field.

Page 6
The kites flew sideways in the wind. The kite strings were very long. The kites got stuck in some trees!

The giraffes were sad. They walked over to the trees. They could not get the kites down. The kite strings were stuck in the branches.

“What can we do now?” asked Dot.
“I can help!” Chip said. He jumped off Dot onto a branch.

Chip ran in and out of the branches. He carefully pulled on the kite strings and got the kites free.

The giraffes cheered for Chip!

“It must be nice to be small,” the tallest giraffe told Chip. “You can do things we can’t do.”

“Yes, that’s right,” Chip said.

Dot smiled. She knew that.

**ORAL READING WORDS PER MINUTE, PERCENT OF ACCURACY**

Use the student’s oral reading time to circle the WPM range.

- If the student’s score falls in a shaded area for either WPM or Accuracy, STOP! Reassess with a lower-level text.
- If the student is reading below the grade-level benchmark, administer *DRA Word Analysis*, beginning with Task 16, at another time.
3. COMPREHENSION

RETELLING
As the student retells, underline and record on the Story Overview the information included in the student’s retelling. Please note the student does not need to use the exact words.

**T:** Close the book before the retelling, and then say: *Start at the beginning, and tell me what happened in this story.*

**Story Overview**

**Beginning**
1. Chip the mouse and Dot the giraffe were good friends.
2. Some giraffes did not know why Chip and Dot were friends.
3. The giraffes thought Chip couldn’t do anything because he was small.

**Middle**
4. The giraffes went kite flying and Dot asked Chip to go.
5. The kites flew high in the sky.
6. The wind blew so hard that the kites got stuck in some trees.
7. The giraffes were sad. They could not get the kites out of the trees.
8. Chip got the kite strings out of the branches.
9. The giraffes cheered for Chip.

**End**
10. Chip could do things the giraffes couldn’t do because he was small.

If the retelling is limited, use one or more of the following prompts to gain further information. Place a checkmark by a prompt each time it is used.

- **Tell me more.**
- **What happened at the beginning?**
- **What happened before/after __________________ (an event mentioned by the student)?**
- **Who else was in the story?**
- **How did the story end?**

**REFLECTION**

Record the student’s responses to the prompts and questions below.

**T:** *What part did you like best in this story? Tell me why you liked that part.*

**MAKING CONNECTIONS**

Note: If the student makes a text-to-self connection in his or her response to the above prompt, skip the following question.

**T:** *What did this story make you think of? or What connections did you make while reading this story?*

Copy each substitution to help analyze the student’s attention to visual information. e.g., went (substitution) wanted (text)

Oral Reading Rate: (Optional) Use the formula below to determine the student’s exact oral reading rate. Convert the student’s reading time to all seconds.

\[
\frac{253 \text{ (words)}}{\text{ total seconds}} = \frac{\text{WPS}}{60} = \text{WPM}
\]

DRA2 Continuum

• Circle the descriptors that best describe the student’s reading behaviors and responses.
  1. Use your daily classroom observations and the student’s responses to the Reading Engagement questions to select statements that best describe the student’s level of Reading Engagement.
  2. Use your recorded observations from this assessment to select the statements that best describe the student’s Oral Reading Fluency and Comprehension.

• Add the circled numbers to obtain a total score for each section.
• Record the total scores at the top of page 1.

Note: If the Comprehension score is less than 19, administer DRA2 with a lower-level text.
