1. READING ENGAGEMENT

(If the student has recently answered these questions, skip this section.)

T: What kinds of books do you like to read?

T: Tell me about one of your favorite books.

T: How do you choose the books you read?

2. ORAL READING FLUENCY

INTRODUCTION

T: In this story, Green Freddie, Freddie is a frog who lives by a pond. He meets two friends who make him feel sad. Please read aloud pages 2 through 4. Show the student where to stop reading at the *.

RECORD OF ORAL READING

Record the student’s oral reading behaviors. Note the student’s fluency (expression and phrasing). Be sure to time the student’s reading.

Page 2

Freddie the Frog was sitting on a log. He wasn’t doing anything. He was not eating or drinking. He was just sitting there.

A squirrel came hopping along. He looked at himself in the water. He smiled. Then he patted his silver-gray fur with his paw.

The squirrel looked at Freddie and said, “My fur looks pretty, doesn’t it?”

Freddie smiled at the squirrel. “Yes, it looks very pretty.”
Page 3
“Don’t you wish you looked like me?” asked the squirrel.

“No,” said Freddie. “I look okay.”

“But look at you,” said the squirrel. “You’re all green.”

Then the squirrel hopped away, all shining and silver in the sunshine.

Freddie sat on his log thinking. He was thinking that what the squirrel had said was true. He was all green.

Page 4
A chipmunk came skipping along. She looked at herself in the water. She smiled. Then she patted her golden-brown fur with her paw.

- If the student’s score falls in a shaded area for either WPM or Accuracy, STOP! Reassess with a lower-level text.
- If the student is reading below the grade-level benchmark, administer DRA Word Analysis, beginning with Task 22, at another time.
3. COMPREHENSION

PREDICTION
Students do not use the text when making their predictions. Record the student’s responses.

T: Think about the title, the pictures you have seen, and what you have read so far. (Pause) Tell me three things that you think might happen in the rest of this story.

SILENT READING
T: Now, it’s time to read and enjoy this story by yourself. When you are done, please come to me and I’ll ask you to tell me what happened in this story.

RETELLING
As the student retells, underline and record on the Story Overview the information included in the student’s retelling. Please note the student does not need to use the exact words.

T: Close the book before the retelling, and then say: Start at the beginning, and tell me what happened in this story.

Story Overview
Beginning
1. Freddie sat on a log. He wasn’t eating or drinking. He was just sitting there.

Middle
2. Squirrel came along and asked Freddie, “My fur is pretty. Don’t you wish you looked like me? You’re all green.”
3. Freddie said he looked okay, but he thought what Squirrel said was true.
4. Chipmunk came along and asked Freddie, “My fur is pretty. Don’t you wish you looked like me? You’re all green.”
5. Freddie sat on his log and cried.
6. A wise old owl came flying by and asked Freddie why he was crying.
7. When Freddie told him, the owl told him that things all around him were green—that green is a great color to be.

End
8. Freddie croaked loudly so that everyone could hear that green is a great color to be.

If necessary, use one or more of the following prompts to gain further information after the initial retelling. Place a checkmark by a prompt each time it is used.

☐ Tell me more.
☐ What happened at the beginning?
☐ What happened before/after ___________________________ (an event mentioned by the student)?
☐ Who else was in the story?
☐ How did the story end?
INTERPRETATION
Record student’s responses to the prompts and questions below.

T: What do you think the author is trying to tell you in this story?

REFLECTION
T: What do you think was the most important thing that happened in this story?
T: Why do you think that was important?

4. TEACHER ANALYSIS

ORAL READING

Miscues interfered with meaning:

| □ never                          | □ visually similar |
| □ at times                        | □ not visually similar |

Miscues included:

| □ omissions                       | □ visually similar |
| □ insertions                      | □ not visually similar |
| □ substitutions that were         | □ visually similar |

Copy each substitution to help analyze the student’s attention to visual information.
e.g., sliver (substitution)
silver (text)

Oral Reading Rate: (Optional) Use the formula below to determine the student’s exact oral reading rate. Convert the student’s reading time to all seconds.

\[
153 \text{ (words)} \div \underline{\text{total seconds}} = \underline{\text{WPS}} \times 60 = \underline{\text{WPM}}
\]

DRA2 Continuum
• Circle the descriptors that best describe the student’s reading behaviors and responses.
  1. Use your daily classroom observations and the student’s responses to the Reading Engagement questions to select statements that best describe the student’s level of Reading Engagement.
  2. Use your recorded observations from this assessment to select the statements that best describe the student’s Oral Reading Fluency and Comprehension.
• Add the circled numbers to obtain a total score for each section.
• Record the total scores at the top of page 1.

Note: If the Comprehension score is less than 19, administer DRA2 with a lower-level text.
Choose three to five teaching/learning activities on the DRA2 Focus for Instruction on the next page.
**DRA2 FOCUS FOR INSTRUCTION FOR TRANSITIONAL READERS**

**READING ENGAGEMENT**

*Book Selection*
- Teach student strategies to select “just right” books for independent reading
- Introduce student to reading materials from a variety of genres
- Teach student how to use a reading log to monitor book selection
- Model/teach how to read for different purposes

*Sustained Reading*
- Model and support how to read independently
- Teach strategies to build reading stamina
- Develop clear expectations for amount of independent reading
- Create structures to support reading at home

**ORAL READING FLEUNCY**

*Expression and Phrasing*
- Model and support reading in longer, meaningful phrases with appropriate expression
- Have student practice appropriate expression with familiar texts
- Have student participate in choral reading and/or reader’s theater
- Teach student to heed punctuation

*Rate*
- Provide materials and time for repeated reading to increase reading rate
- Teach student to read lower-level and/or familiar texts at an appropriate rate

*Accuracy: Word Analysis*
- Support and reinforce self-corrections of miscues
- Model and support how to take words apart (e.g., onset and rime, syllables) to problem-solve unknown words
- Teach how to use word chunks and analogies to problem-solve unknown words
- Provide spelling activities and word sorts to help student recognize patterns in words

**COMPREHENSION**

*Prediction*
- Teach student how to make predictions based on title and book cover, as well as opening paragraphs and illustrations of texts read aloud
- Model and support how to use background knowledge to make meaningful predictions

*Retelling*
- Model and teach how to retell a story
- Model and teach how to identify important events to include in a retelling
- Support retelling a story in sequence
- Encourage student to use characters’ names when retelling a story
- Model and teach how to identify important details to include in a retelling
- Model and support using key language and vocabulary from the text in a retelling
- Model and teach how to create and use story maps to aid retelling

*Interpretation*
- Model how to infer during shared reading and read-alouds
- Teach and share examples of inferences
- Model and teach student how to think about *Why?* questions while and after reading a text
- Model and teach how to support inferences with information or examples from the text

*Reflection*
- Help student identify important information and/or message in a story
- Provide opportunities to identify and discuss the important event in a story
- Demonstrate and teach student how to support opinion with details from the text
