

The Michigan Department of Education now has a new assessment system, the *Michigan Student Test of Educational Progress* (M-STEP). This assessment program is online and provides a more detail report for student results.

M-STEP testing began in the Spring of 2015. The M-STEP assessments will be administered in the Spring of each academic year. English language arts, mathematics, science and social studies will be assessed at different grade levels.

Review the table below to see what assessments our students took in Spring of 2015, along with M-STEP results you will find a bar graph comparing the Bay City Public Schools (District) to Bay-Arenac ISD (BAISD) to the State of Michigan.

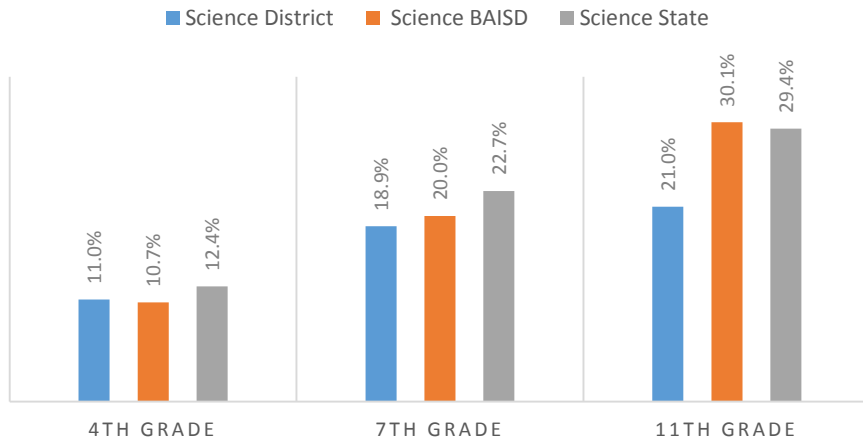

M-STEP 2015 Administration
